Subject: DroidHub – Hands-On Dev Lab: Android Development Workshop

We are delighted to announce "***DroidHub: Hands-On Dev Lab***" a one-day, hands-on workshop organized by **DroidLinX**, focusing on mastering **Android UI development** using **Jetpack Compose**.

The session will be held on **20th March 2025**, from **9:30 AM to 4:25 PM**, in **B4 Seminar Hall, Room 203**.

This workshop is tailored for students eager to strengthen their **Android development skills** through **real-world, project-based learning**. It offers a deep dive into:

- ✓ **Jetpack Compose** for building modern, declarative UIs
- ✓ **MVVM architecture** for scalable app structure
- ✓ **REST API integration** to fetch and display live data
- ✓ **Building** a fully functional **Android app** from scratch

DroidHub: Hands-On Dev Lab – Master Android UI with Jetpack Compose

DroidHub: Hands-On Dev Lab is a full-day, **hands-on workshop** crafted for students passionate about **Android development**. Organized by **DroidLinX**, this session focuses on mastering **Jetpack Compose**, Google's modern **UI toolkit**, alongside **real-time API integration** and **scalable architecture**.

The session covers:

- Building **intuitive UIs** with **Jetpack Compose**
- Structuring apps using the **MVVM architecture**
- Integrating **RESTful APIs** to work with **live data**
- Developing a complete **Android project** from scratch

Participants will gain **industry-relevant skills**, **practical coding experience**, and **collaborative project exposure** in a guided, **lab-based environment**.

Objectives:

The **DroidHub** workshop aims to empower students with **practical Android development expertise**. By the end of the session, participants will:

- Master **declarative UI** building with **Jetpack Compose**
- Implement **MVVM design pattern** for better **code management**
- Learn **API integration** and handle **real-time JSON data**
- Complete a **functional Android app** demonstrating learned concepts
