Subject: Abhivyakti Event on 22nd August 2024

Respected Sir,

We are excited to announce **Abhivyakti**, an engaging event organised by the Chandigarh University Entrepreneurship Cell (CUEC). This event is designed to provide an orientation for our club, where we will detail the perks, benefits, share ideas, and raise awareness about the resources and opportunities offered by CUEC, followed by an engaging activity and a hands-on workshop by a guest expert.

Event Objectives:

- **Orientation:** Introduce participants to the benefits and resources offered by CUEC.
- **Membership Drive :** Interested ones can fill out the membership form to officially join our club as a member.
- **Activity – Quiz Round:** A competitive quiz session to test participants, along with some engaging activities such as quizzes on startups in the robotics industry.
- **Innovate to Elevate:** A Workshop on 'Taking Your Idea to Market' featuring an immersive and expert-led session exploring cutting-edge technologies in hoverboats, autobots, and mobility robots.

Led by Dr. Munish Jindal, CEO and Founder of HoverRobotix from Ludhiana, this workshop will provide a unique opportunity for university students to engage in interactive learning and skill augmentation in emerging technologies and learn how an idea is built into a successful venture from scratch. Through this session, participants will gain valuable insights and hands-on experience in transforming innovative ideas into market-ready solutions, leveraging the expertise of industry pioneers in robotics and mobility.

Who We Are

Chandigarh University Entrepreneurship Club is a vibrant platform that fosters innovation, creativity, and entrepreneurial spirit among students. Our mission is to empower the next generation of entrepreneurs, innovators, and leaders by providing resources, mentorship, and opportunities for growth and development. We aim to create a thriving ecosystem that supports startups, promotes entrepreneurship, and drives economic growth.

On 22 Aug ,2024 Chandigarh University witnessed an inspiring workshop organized by the Chandigarh University Entrepreneurship Club (CUEC), featuring Dr. Munish Jindal as the guest speaker. The event was meticulously crafted to engage and educate attendees on the intricacies of entrepreneurship.

Before the arrival of the esteemed guest, the workshop featured a series of interactive activities designed to warm up the audience. These included a trivia game, an engaging quiz, and a session where participants shared their past experiences. Additionally, there were discussions on various entrepreneurs, startups, and companies, along with introductions from the candidates in their local languages, creating a vibrant and inclusive atmosphere.

- Demo Session

- Discussions about electric scooter

Upon Dr. Jindal's arrival, the session transitioned into a more focused discussion. Dr. Jindal began with a brief introduction of innovative products, including Hover and an electric foldable scooter, highlighting the use of magnesium alloy to enhance portability. He shared his personal journey, detailing how he transformed an initial investment of just ₹35,000 into a successful brand. Dr. Jindal emphasized his humble beginnings, noting that he did not have the privilege of access to faculty and resources at Chandigarh University during his early years.

The conversation then shifted to Dr. Jindal's venture, MentorX, where he underscored the importance of networking and the invaluable support of his parents in his entrepreneurial journey. He discussed the profound impact of technology on our lives, the future of hoverboards, and the potential of robotics and AI in transforming various sectors, including agriculture. Dr. Munish Jindal also provided insights into emerging technologies such as AI, holographic lenses, and 3D printing, and how they are poised to shape the future.

An interactive Q&A session followed, where Dr. Munish Jindal stressed the significance of mentorship in achieving success. He advised that securing funding is not the ultimate goal but rather starting with basic functionalities and building up to a prototype phase is crucial. He concluded by encouraging participants to see their entrepreneurial journey as both a learning and earning experience.

The workshop ended on a high note with a fun-filled hoverboard experience for the participants and faculty, leaving everyone with a sense of excitement and inspiration.

102	good	.
103	Good enough	
104	Well informing event	Organised itinerary, why invite students @ 12:30 if speaker was going to arrive after 3:00pm
105	Don't delay the event in future.	
106	Amazing session	Would like to participate in more such events in the future
107	Great, worthy workshop	All good
108	good	no
109	It was a good session.	
110	Amazing! Got to know new things for my own project.	N/A
111	It was a good event.	NA
112	Event was good	
113	Good	No
114	Good	Nothing
115	It was Fabulous.	-
116	Really Enjoyed the event.	Every thing was good
117	Can't go out this Sunday guys :(	

118	Nil	Nil
119	Good	
120	Seminar was great I came to know amazing things about business world.	
121	It was an amazing experience.	More interactive sessions should be there...
122	Overall experience was good, but in the starting it got boring	If games are to be played, then it should be planned and something else very interesting should also be planned considering that the guests will be late every-time
123	Event was awesome.	At some point of time students were bore so for that we need to do something which can be more entertaining as well as educational also.
124	It was an amazing experience	
125	NA	
126	The event was good.	It was fairly well.
127	Good	
128	Overall The event was good . But some changes needs to be done by the team . As some of the people were getting bored .	
129	The event was really good, learnt a lot from the guest.	
130	Awesome	
131	It was very amazing.	Time management during the event.
132	The Entrepreneurship Club is already making a great impact. However, to make it even more exciting, consider adding more interactive and fun events	Introduce more hands-on workshops, fun challenges, and networking mixers with local entrepreneurs. This will create a lively atmosphere and make learning even more enjoyable for members.
133	The questionnaire and start up section was far better than the actual guest lecture...Didn't found it much knowledgeable...More over the speaker was exaggerating about his Company were as in reality it doesn't matches to what he described in the lecture, So hoping for a more honest guest in the upcoming events and also a renowned one.	Two three entrepreneurs combined talk session. refer from organising events on a well known day when there might be multiple events taking place this way you can get a more intellectual audience.
134	All over it was good. Delay handled by host at last minute without any preparation is appreciated.
