REPORT

Objective:

- The objective of the event was to address an engaging and informative session attended by over 300 students.
- Discussions on ISRO's Chandrayaan and Mars Orbiter missions, as well as future plans.
- Opportunities for students to ask questions and learn directly from experts in the field.

Conduct of the Event:

On the occasion of National Space Day, the Aerospace Department, in collaboration with the ISRO Space Applications Centre (SAC) Ahmedabad, organised a comprehensive event that brought together students from various academic levels to engage in space science activities. The event, held on 12th August 2024, was designed to ignite young minds' interest in space exploration and to celebrate India's achievements in space research and technology.

Feedback:

The attendees provided awesome feedback, expressing their excitement to explore astronomy further with the club. They commended the interactive and educational quality of the events. Some notable feedback includes:

- Good experience to know about astronomy, but mildly disappointed due to the clouds. Yet club members covered sharing enough knowledge.
- It was very exciting to know more about telescopes and the sky, and I am looking forward to more of these events.
- It was a nice experience. We got the chance to know about many new things about aerospace.

Area of Improvements:

Sharing management members' experiences: A promotional video should be there.

Conclusion:

The National Space Day event, organised by the Aerospace Department in collaboration with ISRO SAC Ahmedabad, was a grand success. It provided a platform for students across various academic levels to engage with space science, showcase their talents, and learn from leading experts. The event not only celebrated India's achievements in space exploration but also inspired the next generation of scientists and engineers to contribute to the country's space endeavours.
