Outcome of the Event

The **Young Orators Club** proudly hosted one of its most imaginative and high-energy events—**“The Last Life Jacket”**, a **verbal showdown set aboard a metaphorical ship** where participants had to argue, persuade, and outwit their opponents to earn the symbolic last chance at survival.

Set against a backdrop of a stranded ship with limited resources, the event challenged participants to tap into their wit, emotional intelligence, logic, and storytelling abilities. Each participant had to **convince a metaphorical captain—and the audience—why they deserved to be the last person saved**, while simultaneously dismantling their opponent's claims.

The event transformed the stage into a **battleground of ideas, rhetoric, and charisma**, drawing roaring applause, laughter, and deep reflection from the audience and judges alike. It wasn't just about survival—it was about persuasion, presence, and purpose under pressure.

Highlights of the Event:

- Students embraced their characters with **dramatic flair, strategic arguments, and creative reasoning**, often mixing humor with intense emotional appeals.
- The event encouraged **quick thinking, adaptability, and empathy**, as participants had to defend themselves while acknowledging others’ perspectives.
- Audience engagement soared as the **battles intensified**, with participants delivering punchlines, poignant statements, and thought-provoking analogies.

Key Takeaways for Students:

- **Power of Persuasion** – Students learned how to blend logic, emotion, and ethics to build compelling arguments.
- **Improvisation Under Pressure** – Participants sharpened their spontaneous thinking and verbal agility in unpredictable situations.
- **Character-Driven Speaking** – The unique format pushed students to go beyond traditional debate, building narratives and stepping into personas.
- **Leadership through Empathy** – Convincing the "captain" wasn't just about self-interest—it also involved understanding and leveraging human emotion.
- **Audience Awareness** – Students became more aware of body language, tone, and timing, adapting their speech dynamically to audience reactions.

This one-of-a-kind event not only elevated the standard of creative debating at the university but also echoed the **Young Orators Club’s mission**—to build articulate, emotionally intelligent, and confident young leaders. “The Last Life Jacket” proved that leadership isn’t just about survival; it’s about **standing tall, speaking boldly, and inspiring belief—even in the face of crisis**.

In a world that thrives on collaboration, our club stands out as a beacon of unity and inclusivity, empowering students from various disciplines to come together for a common purpose. To illustrate our vibrant community, let's examine the impressive participation statistics from a range of departments.

Unmatched Participation

Leading the Charge: Our B.E. CSE - 3 YEAR program tops the charts with an astounding number of participants, demonstrating that students are eager to engage in a club that fosters teamwork and innovation.

Diverse Involvement: The B.E. CSE - 2 YEAR and B.E. CSE - 1 YEAR programs follow closely, showcasing a trend of growing interest from all levels. This diverse participation reflects our club's commitment to creating opportunities for every member.

Building Bridges Between Disciplines

Cross-Departmental Appeal: With departments like AIT B.E CSE AI&ML and M.B.A actively participating, our club becomes a melting pot of ideas, allowing students to benefit from one another's unique perspectives.

Interdisciplinary Learning: Different fields thrive together. Including those from B.E. Biotechnology and B.E. Aerospace enhances our club's enrichment, providing everyone the chance to learn new skills and concepts beyond their traditional coursework.

Empowering Growth and Opportunities

Skill Development: Our club offers tailored workshops and sessions, allowing members to develop critical skills vital for future careers, such as leadership, teamwork, and communication. These opportunities are invaluable across all departments.

Networking Ensemble: By participating in our club, students forge connections with their peers across varied fields, opening doors for collaboration in research, projects, and future career paths.

A Community Built on Support

Mentorship Opportunities: Upperclassmen frequently mentor newcomers, creating a supportive environment where every voice is heard, and everyone feels valued. This culture of mentorship enhances the academic journey for everyone involved.

Social Events: We organize social events that strengthen bonds among members, facilitating a sense of belonging. When students feel connected, their passion and motivation flourish, benefiting their academic and professional pursuits.

Join Us in Creating a Legacy

Our club is not just a gathering of students; it's a community dedicated to mutual growth and empowerment. With our unparalleled participation stats reflecting a thriving membership from diverse departments, we invite everyone to join us on this exciting journey.

SPONSORSHIP AND COLLABORATION

ROI DIRECTLY TO CLUB MEMBERS

1. COLLABORATIONS WITH DIFFERENT DEPARTMENTS

The Young Orators Club has actively collaborated with various departments across Chandigarh University to enhance the scale and impact of its events. We partnered with AU-2 for the successful execution of most of our activities, ensuring strong academic support and participant outreach. The Incredible India declamation contest was conducted in association with the Department of Soft Skills, UILAH, promoting cultural expression and public speaking. Our flagship debate event, Verbal Duel, was co-organized with UILAH, fostering intellectual discourse across disciplines. Additionally, the SHIPWRECK event was held in collaboration with AU-5, bringing creative engagement and participation from diverse academic backgrounds. These strategic collaborations significantly enriched the quality, reach, and interdisciplinary value of our initiatives.

2. COLLABORATIONS WITH DIFFERENT FOOD SHOPS

The Young Orators Club extended its outreach beyond the campus by forming strategic collaborations with external brands, adding value to our events and enhancing participant satisfaction. We collaborated with The Food Scientist, who generously sponsored ₹2,500 worth of discount coupons, including 10 coupons offering 20% off and 30 coupons offering 10% off, which were distributed to participants during our events. In addition, we partnered with Chefs on Fire, securing 5 premium coupons offering 50% discount and 10 coupons offering 20% discount. These thoughtful giveaways were enthusiastically received by the students, adding an exciting incentive layer to the competitions and significantly boosting event engagement and happiness. Such collaborations not only supported student participation but also fostered meaningful industry-student interaction.
