Instructions for the event:-

1. Ramanujan Club is organizing a Poster Making Competition on the theme Environment Awareness (Climate Change, Biodiversity, and Sustainability).
2. The Best 100 POSTERS will be selected for the final event to be held on April 16, 2025.
3. Participants must register for poster presentation by April 5, 2025.

4. Presence on April 8, 2025, is mandatory for presenting the poster before the judges.
5. Posters can be either handmade or digitally printed.
6. The poster size must be 70 cm x 56 cm (standard chart size).
7. Posters that do not meet the size requirement will be disqualified.
8. Only individual participation is allowed; team entries will not be accepted.
9. Winners will be felicitated on the event day with Trophies.

Organized by:

Department of Mathematics, University Institute of Sciences, Chandigarh University

CIRCULAR

The **Ramanujan Club** from the **Department of Mathematics** is organizing the **EEP POSTER MAKING** on **03/4/2025**, from **1:00 PM to 4:30 PM** at **DD1 Seminar Hall, Chandigarh University**. This event-Poster Making is a preliminary screening for Environment Education Programme (EEP) 2024-2025. Students will present their ideas through posters, showcasing their creativity about the environment awareness, sensitising the green practices and strengthening environmental responsibility, innovation, and promote effective communication of educational reforms. Participants will have the opportunity to showcase their creativity, compete with like-minded peers, and gain recognition for their efforts. The **Best Poster will be honoured on the same day with a Trophy**, and selected participants will advance to represent their work on **Environment Education Programme 2025 to be held on 16/4/2025** and **would have an opportunity to win lucrative Cash Prizes and Trophy**.

Event Objectives:

- To encourage creative representation of environmental issues and solutions.
- To educate students on pressing environmental challenges and sustainable solutions.
- To advocate for eco-friendly habits in daily life, aligning with the principles of Mission LiFE (Lifestyle for Environment).
- To inspire innovative approaches to environmental conservation through interactive activities.
- To bridge the gap between scientific knowledge and community action for a sustainable future.
- To instil a sense of responsibility among students and the public toward environmental preservation.

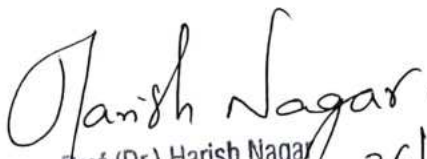

This challenge offers an authentic and one and only platform to put your analytical abilities to work, compete with some intellects from different streams, test your pace and accuracy in this time-oriented race to escape from a room and shine as a true winner. Don't miss this thrilling opportunity to learn, compete, and excel!

For further details, please visit your CUIMS account.

Instructions For the Poster Making – Environment Awareness

1. Ramanujan Club is organizing a Poster Making Competition on the theme Environment Awareness (Climate Change, Biodiversity, and Sustainability).
2. The event will be held on April 3.
3. Participants must submit their posters by April 2.
4. Presence on April 3 is mandatory for presenting the poster before the judges.
5. Posters can be either handmade or digitally printed.
6. The poster size must be 70 cm x 56 cm (standard chart size).
7. Posters that do not meet the size requirement will be disqualified.
8. Only individual participation is allowed; team entries will not be accepted.
9. Winners will be felicitated on the event day with Trophies

Event Details – Poster Presentation

The Mathematics Department and Ramanujan Club are organizing a Poster Presentation event as a preliminary screening for Environment Education Programme (EEP) 2024-2025. Students will present their ideas through posters, showcasing their creativity about the environment awareness, sensitising the green practices and strengthening environmental responsibility.

Event Objectives:

- To encourage creative representation of environmental issues and solutions.
- To educate students on pressing environmental challenges and sustainable solutions.
- To advocate for eco-friendly habits in daily life, aligning with the principles of Mission LiFE (Lifestyle for Environment).
- To inspire innovative approaches to environmental conservation through interactive activities.
- To bridge the gap between scientific knowledge and community action for a sustainable future.
- To instil a sense of responsibility among students and the public toward environmental preservation.

Expected Outcomes:

- Improved ability to convey ideas effectively through visual and verbal communication
- Increased confidence in public speaking and technical presentations
- Recognition and motivation for students with exceptional ideas
- Selection of top presentations for further participation in Environment Education Programme (EEP) 2024-2025 celebrations

This event provides a platform for students to demonstrate their knowledge and skills while preparing for a larger stage.

Minute to Minute Schedule

Event/Activity Name: Environment Awareness - climate change, biodiversity & sustainability
Date: 03/4/2025
Department Name: Mathematics
Coordinator Name: Dr. Arambika Singh
Brief Description: Open university poster competition for entire University for all courses and all programs regarding environment awareness - life on land

Timings	Sequence of Events
1 - 1:30	Registration on help desk - issuance of tokens and Pass
1:30 - 2:00	Readiness of registered students, Settlement, Attendance compilation Instructions for event, heating of main contest.
2:00 - 3:30	Poster judgment by the Internal Judges in
3:30 - 4:00	Result compilation from judgement sheet
4:00 - 4:30	Declaration of winners and Distribution of certificates.

Received Date(For Office Use): 22/03/2025 (02:27 pm)

1) Event Name: Poster Making Competition

2) Event Objectives:

- To provide a creative platform for students to visually communicate environmental issues, solutions, and sustainability concepts through impactful poster designs.
- To foster awareness and sensitivity towards environmental challenges by encouraging artistic expression rooted in ecological themes.
- To promote collaboration and critical thinking, enabling students to research, analyze, and creatively represent environmental topics.
- To identify and nurture young talents in environmental advocacy through visual media, inspiring deeper engagement with ecological concerns.
- To enhance students' confidence in using visual storytelling as a powerful tool for awareness and change.

f) To encourage peer learning, knowledge sharing, and healthy competition among students across institutions through the lens of environmental education.

3) Brief Summary (in 100-200 words) :

On April 11, 2025, the second day of screening for the upcoming EEP Mega Event, over 100 registrations culminated in the presentation and evaluation of 29 posters. The posters were assessed by a panel of judges based on creativity, thematic relevance, clarity, and visual impact. This phase marked a significant step toward the final showcase, offering students an opportunity to visually communicate pressing environmental issues and innovative solutions. The event not only highlighted students' artistic talents but also deepened their engagement with sustainability themes, setting the stage for the grand culmination on April 16, 2025.

MINUTES OF MEETING:

Title: Nature's Gift for Biodiversity

14

18

2.2

4 Ways of Natural Reforestation

1. Tree Planting

Plant local trees that are suitable for the climate and soil conditions in the area you want to reforest. Choose species that have strong roots and are drought tolerant.

2. Plant Ground Cover Crops

Plants such as grass or shrubs that are resistant to soil erosion can help maintain soil fertility and green large areas of land.

3. Forest Restoration

Restoring forests that have been degraded by replanting trees that have been cut down. Forest restoration projects can help increase biodiversity and provide habitat for a variety of species.

4. Agricultural Practices

Implementing environmentally friendly agricultural practices such as agroforestry or crop rotation can help preserve the environment and increase land productivity naturally.
