

CIRCULAR

The Ramanujan Club from the Department of Mathematics is organizing Mathematical Aesthetics, a **Poster Making Competition on 23rd September 2024**, from 2:00 PM to 4:30 PM at the DD1 Seminar Hall, Chandigarh University.

This unique event offers a platform for students to creatively visualize and express mathematical ideas through art. Participants are encouraged to explore the beauty, symmetry, and patterns found in mathematics and translate them into visually compelling posters. Whether abstract, conceptual, or application-based, the goal is to demonstrate how mathematics intersects with creativity and design.

The competition aims to enhance visual communication skills, promote appreciation for mathematical elegance, and celebrate the fusion of logic and art. It's an opportunity to think beyond equations and express the soul of math in color and form.

Outstanding posters will be honored on the same day, and select entries may be featured in future Ramanujan Club exhibits or university showcases.

- ♦ Visualize mathematics. Create with purpose. Inspire through art.
- For more details, please visit your CUIMS account.

RAMANUJAN CLUB

PROPOSED PLAN – Mathematical Aesthetics

The Ramanujan Club presents **Mathematical Aesthetics**, an exciting event where participants will showcase their creativity by interpreting mathematical concepts through art. Participants will compete within the club, working on selected themes that merge the beauty of mathematics with artistic expression. This unique competition encourages participants to explore and visualize mathematical ideas in innovative ways, highlighting the elegance and creativity inherent in the world of mathematics. Trophies and certificates will be awarded to the most outstanding works!

Objective:

The Ramanujan Club presents **Mathematical Aesthetics**, an exciting event where participants will showcase their creativity by interpreting mathematical concepts through art. Participants will compete within the club, working on selected themes that merge the beauty of mathematics with artistic expression. This unique competition encourages participants to explore and visualize mathematical ideas in innovative ways, highlighting the elegance and creativity inherent in the world of mathematics. Trophies and certificates will be awarded to the most outstanding works!

Guidelines:

This event invites participants to showcase their artistic talents and interpret various mathematical concepts through creative poster designs. The competition is open to both individual participants and teams of two. Winners will be felicitated with certificates and prizes.

Themes for the Poster Competition:

Participants can base their artwork on any of the following mathematical themes:

1. **Mathematics in Nation Building:** Depict how mathematical concepts contribute to national development, including urban planning, energy solutions, and advancements in science and technology.
2. **Maths: The Backbone of India's Future:** Focus on how mathematical advancements drive progress in fields like AI, data science, space exploration (e.g., ISRO's missions), and education.
3. **Sankhya Shakti: Building a Stronger India:** Highlight the power of numbers and statistics in shaping India's growth in areas such as economics, population management, and sustainable development.
4. **Mathematics in Nature:** Explore mathematical patterns in natural phenomena, such as the Fibonacci sequence, fractals, and the symmetry in flowers or shells.
5. **The Beauty of Geometry:** Showcase the elegance of geometric concepts like polygons, circles, and 3D shapes through artistic visualizations.
6. **Mathematics Across Cultures:** Depict how different cultures contributed to mathematical knowledge throughout history, focusing on contributions from ancient India, Greece, Egypt, and others.

7. Infinity and Beyond: Delve into abstract mathematical concepts such as infinity, limits, and the mysteries of the universe through creative representations.

8. Fractal Painting: Use the concept of fractals, which are repeating geometric patterns, to create intricate and visually appealing artwork inspired by both mathematical constructs and nature.

Competition Rules:

1. Participation: Students can participate individually or in teams of two.

2. Themes: Choose any one of the themes listed above for your poster.

3. Medium: The artwork can be created using any artistic medium (e.g., paints, pencils, digital tools) but must visually express the chosen mathematical concept.

4. Submission: Posters must be submitted on 23rd September at the designated venue, details of which will be shared later.

5. Judging Criteria: Entries will be judged on creativity, clarity of concept, originality, and how well they express the chosen mathematical theme.

6. Awards: Winners will be felicitated with trophies and certificates for their outstanding contributions.

Minute to Minute Schedule

Event/Activity Name: Mathematical Aesthetics

Date: 23/09/24

Department Name: Mathematics (UIS)

Coordinator Name: Dr. Atanksha Singh

Brief Description: It is a competition celebrating a fusion of math & art. Where participants shows their work based on mathematical concepts.

Timings	Sequence of Events
1:50 - 2:05	Settlement & allocation of the participants
2:05 - 2:25	Arrival of judges, Introduction & Rules of the event
2:25 - 3:30	Competition begins
3:30 - 3:50	evaluation of participants
3:50 - 4:00	Vote of thanks, Result declaration.

EVENT REPORT

Academic cluster	Sciences
Department (Institute)	Mathematics (UIS)
Faculty Advisor	Dr. Akanksha Singh
Faculty Co-Advisor	Ms. Bharti
Student Secretary	Chirag Pathania
Student Joint Secretary	Nikunj Arora
Event Venue	Seminar Hall, Block DD1, Chandigarh University
Event Date and Time	23 rd September 2024, 2:00 – 4:00 PM

1) Event Name: MATHEMATICAL AESTHETICS

2) Event Objectives:

- a) Conducting a mathematics-based poster-making competition.
- b) Opportunity for the members to explore maths's various topics and applications.
- c) To conduct a contest where the participants can showcase their creativity and ideas on the theme, 'Mathematical Aesthetics', through their posters.
- d) The motive of the contest was to present an opportunity to the interested members of the club to enhance their presentation and speaking skills.
- e) Letting the participants explain their posters to the panel of judges through cross-questioning.
- f) Opportunity to meet the core team.
- g) Details on forthcoming events and projects.
- h) Membership registration.
- i) Connecting and interacting with fellow members.

3) Brief Summary (in 100-200 words) :

The Ramanujan Club hosted the poster-making competition, Mathematical Aesthetics on 23rd September, 2024. The event started with an introduction to the competition. Highlighting its rules, regulations, and criteria to the participants and panel of judges. The main aim of this poster-making competition was to combine art and mathematics. The participants were given a set of 8 themes related to the subject of mathematics, for reference. Participants selected a topic and made a poster, expressing their ideas and perspectives. The participants were judged based on the following criteria: creativity, clarity of concept, originality, and how well they express the chosen mathematical theme. After a thorough cross-questioning regarding the chosen theme by the panel of judges, the winners of the competition were chosen. Future events and projects were discussed, sparking enthusiasm among attendees. A registration desk was set up, allowing students to sign up and become part of the club's vibrant community. The event was an amazing way for the members to understand various aspects of mathematics. The success of Mathematical Aesthetics was a testament to the hard work and coordination of all six departments within the Ramanujan Club. The HR team efficiently managed registrations and member engagement, while Event Management flawlessly organized the event's logistics. Social media generated excitement through strategic promotion, and Marketing ensured a strong turnout. The Creative team enhanced the event with visually appealing materials, and Operations oversaw the smooth execution of activities. Each department's dedication and collaboration were pivotal in making the event run seamlessly, showcasing the club's strength as a cohesive unit. Overall, the event was a great success, setting a strong foundation for the club's journey.

4) Future Scope :

The future potential of Mathematical Aesthetics looks promising. It has the capability to widen the participation, by involving participants from other departments or external institutions, the event can grow into an inter-collegiate or flagship competition, attracting diverse perspectives on math-art integration. We can also think that involving students from both mathematics and art backgrounds can lead to richer, more creative entries. This cross-disciplinary collaboration can foster innovative ideas. The best posters could be displayed in an exhibition, either within the university or online, increasing visibility for participants' work.

MINUTES OF MEETING: DETAILS

1. Held by department: Mathematics
2. Event name: Mathematical Aesthetics
3. Event type: Poster Making competition
4. Date: 23rd September, 2024
5. Venue: Seminar hall, Block DD1
6. Time: 2 pm-4 pm
7. Activities: Poster Presentation

OBJECTIVE/ AGENDA:

The objective of this event was to conduct a poster-making competition. Where the participants could present their ideas on the themes provided by the Club surrounding the topic, 'Mathematical Aesthetics', through their poster presentations. The motive of the contest was to present an opportunity to the interested members of the club to showcase their creativity and enhance their presentation and speaking skills.

MOM (Minutes of Meeting):

1. Start time: 02:00 PM
2. End time: 04:00 PM
3. Duration: 2hr

FROM: 02:00 PM -02:20PM

DURATION: 20min

Settlement, registration, and briefing about the event.

FROM: 02:20 PM-02:40 PM

DURATION: 20min

Event description for current event and upcoming event.

FROM: 02:40 PM-2:45 PM

DURATION: 5min

Arrival of the judges

FROM: 02:45 PM-03:45 PM

DURATION: 60min

Evaluation by the judges on various parameters.
